TSA GUIDE

The TSA (Transportation Security Administration) is a security background check that is necessary for any non-US citizen seeking flight training. It applies only to the following three items: Private Pilot License, Instrument Rating, and Multi-Engine Rating. You should complete an application for each of the licenses or ratings that pertain to you before arriving into the US. There is a \$130 fee for each application which is only applicable to one license or rating at a time. If you intend on doing all three, you will pay \$130 X 3. Payments are made via credit card online. Keep copies of all payment receipts.
